UFWDA e-News January 2010

Happy New Year.

This edition of e-News is a little smaller than usual for a couple of reasons. The first is that as Editor, I've been on holiday touring New Zealand's South Island for nearly three weeks (yes it's our summertime down here... not that it behaved perfectly during those weeks!).

The other reason is that UFWDA have been busy gathering material and for some of us, proof reading "The Voice", as we are about to launch the second digital edition, but this edition is in partnership with JPFreek Adventure magazine.

Yes, I know what's in it and we welcome new contributors like Bill Burke and others. The new design includes more photography, so we'll be wanting your great adventure photos with some accompanying words, for future editions.

The use of photos and color, allows UFWDA to emphasize what it is that we stand to lose, if we don't stay active and resist the continuing pressure to eliminate 4x4 use on public lands.

UFWDA is the original organization in the USA that is entirely dedicated to four wheeling, by uniting a wide range of member 4x4 organizations for a common cause.

That same common cause is the reason that UFWDA has international affiliations with the national 4x4 organizations in several other countries. United we have strength and knowledge. We need your active support.

SIGN UP TODAY AND SAVE THOUSANDS!

United Four Wheel Drive Associations is excited to advise that we now offer event insurance. The event insurance will be available to full roster supporting organizations, at a very affordable rate and will save them money to use in our united efforts to preserve and protect land access! If you are not yet a full roster supporting organization, we may still be able to help. Contact us to find out if our rates can save you money.

The insurance rates are very affordable and in many cases should save our full roster member organizations thousands of dollars throughout the year. The insurance will allow organizations that may not have been able to afford an event because of insurance, an opportunity to now hold an event.

The policy covers liability around trail rides (including the trail ride portion), as well as club meetings, competitions and much more. For more information please email insurance@ufwda.org or call 1-800-44UFWDA(448-3932).

The Voice January 2010

A brief excerpt or two from the next issue....

Over the last days of December 2009, the Land Rover Owners Club (Otago) hosted members of other New Zealand Four Wheel Drive Association (NZFWDA) clubs for four days of four wheeling in the Central Otago region at a latitude of around 45° South and as far from the sea as one can get in the South Island. The club provided an excellent campsite with great facilities that coped well with the many families attending.

As I write this I am parked in Asheville, North Carolina, pretty much right between Tellico ORV area and the Uwharrie National Forest, which has the Badin Lake ORV area - two really great places to “wheel!” Here locally, I am reminded from all sides of the various issues regarding Mountain Top Removal for coal, siltation of creeks and watershed regions from new construction, logging, and yes...recreation. I am also reminded of how strong the bond between people that work, live, or play in nature with our planet.
